JOIN US!

The Council of Allied Societies (CoAS) was formed in 1989 for the mutual benefit of professional archaeologists and avocationalists, to build working and research relationships between the two groups for the advancement of archaeology, and to further the objectives of the Society for American Archaeology.

COUNCIL MEMBERS

To be eligible for membership in CoAS, the applying Society/Chapter must be an incorporated organization/group that is open to the general public. Council members are not-for-profit organizations with bylaws, objectives, and programs that are consistent with those of the SAA.
